

The image shows a close-up of the Northwestern University seal, which is a circular emblem featuring an open book and the university's name in Latin and English. The seal is set within a square frame and is embossed on a light-colored surface.

Northwestern University Feinberg School of Medicine

Department of Pathology Presents

The Department of Pathology at Northwestern University Feinberg School of Medicine seeks a full-time non-tenure-eligible Clinician-Educator at the rank of Instructor, Assistant, or Associate Professor. Candidates must display excellence in the area of GI pathology. The successful candidate may also have diagnostic skills in other areas of surgical pathology, which may include genitourinary pathology, head and neck pathology, pulmonary pathology, or bone and soft tissue pathology. The selected faculty member should have a record of demonstrated productivity and scholarship in one or more of these areas. The role will also be responsible for training medical students, residents, and fellows during their rotations in these divisions. The Feinberg School of Medicine offers excellent opportunities for translational study, and the ideal candidate will also have interest and experience with experimental pathology.

Qualified candidates must hold MD or MD/PhD degrees and be board certified in AP or AP/CP from the American Board of Pathology. Candidates must be eligible for an unrestricted medical license in the State of Illinois. Fellowship training or other significant experience in gastrointestinal pathology is required and fellowship training in other surgical pathology subspecialties would be viewed favorably. Rank and remuneration determined by qualifications and experience.

The start date is negotiable, and the position will remain open until filled.

When applying, please upload a CV and cover letter describing your interest and alignment with the position.
